WILLIAM KNIGHT CHIEF MAGISTRATE

Never in the history of any town in Western Canada was such a degree of interest manifested in a municipal election as that shown here in Blairstown, when the Labor slate was almost entirely swept into power.

Figures tell plainly that the contest was a keen one, and from scrutineers and others in a position to know we learn that at the very outside not more than five qualified votes resident in the town were missed.

The actual returns, given out at near 2 a.m. Tuesday, were as follows:

For mayor—W. Knight, 403; A. E. Ferguson, 380.

For council—Joseph Kirkroy, 330; Albert Olsen, 388; Joseph Aschacher, 389; David Oliver, 376; Peter C. Montebello, 371; William McVey, 170. First three named elected.

For school trustees—Joseph Gilks, 426; Samuel G. Banman, 436; Sam Patterson, 429; John Angus McDonald, 421; Robert Horne, 485; L. E. Basetti, 434; Horne, Basetti and Banman elected.

From the above figures it will be seen that from the lowest to the highest votes obtained, the average was 403.6. The highest vote was secured by Robert Horne, 438; and the lowest by W. McVey, 370.

About sixty spoiled ballots were recorded.

The new mayor, council and school board members will be sworn in at the first regular meeting of the council and school board.

The personnel of the 1933 council will be: William Knight, mayor; J. Peresani, Evan Morgan, W. L. Evans, Joseph Kirkroy, Joseph Aschacher and Albert Olsen. And the school board: Robert Oakes, R. W. H. Pinkney, Robert Horne, S. G. Banman and L. Basetti.

Contests at Coleman were not so keen, three citizens' candidates for council securing 1926 votes against 234 for the Union slate. Union candidates for school board suffered similar defeat.

MANY "MIKES"

A multitude of microphones graced the Paramount studios during the filming of "The Big Broadcast," radioland comedy with Stuart Ervin, Bing Crosby, Leila Hyams and a large cast of radio favorites, which opens tonight at the Orpheum theatre. Movie "mikes" out of range of the camera, recorded what was going on, while radio "mikes," props on the sets, were photographed with the screen and air stars, talking, singing and playing into 'em.

The radio stars seen in the picture are Burns & Allen, Kate Smith, Mills Brothers, Boswell Sisters, Arthur Tracy (The Street Singer), Vincent Lopez and his Orchestra, and Cab Calloway and his Orchestra.

THOUSAND-DOLLAR SUIT AGAINST MINERS' UNION

Thousands of legal work done for the Mine Workers' Union of Canada was sought Friday in a Supreme Court writ issued by Alfred Heffernan, Regina barrister, against J. Sloan and J. Stokaluk, trustees of the union and the union.

Heffernan claims Sloan is president and Stokaluk secretary-treasurer, and both trustees of the union, which has its registered office in Calgary. He alleges all real and personal property of the union is the property of Sloan and Stokaluk as its trustees. Plaintiff seeks judgment for \$10,15.25 as fees for professional work and services rendered defendants as their solicitor. The writ is issued by Heffernan's solicitors, Bennett, Hannah and Sanford.

V. A. Bowes, C.R.R. assistant district passenger agent, was in town from Calgary on Tuesday.

AT COLE'S THEATRE FRIDAY AND SATURDAY

"New Morals for Old," like "Our Modern Maidens" and "Our Dancing Daughters," depicts the problems of the younger generation and the conflict between reckless children and old fashioned parents. Young and Miss Perry represent the young group, with Stone and Miss Crewe sharing the role of the conservatives.

The Friday cast also includes Myrna Loy, David Newell, Jean Harlow; Ruth Selwyn, Kathryn Crawford, Louise Chesser Hale, Mitchell Lewis, Elizabeth Patterson and Little Harriet. The picture was filmed by Charles Brabin, who directed "Broadway of the City."

The Saturday cast also includes Myrna Loy, David Newell, Jean Harlow; Ruth Selwyn, Kathryn Crawford, Louise Chesser Hale, Mitchell Lewis, Elizabeth Patterson and Little Harriet. The picture was filmed by Charles Brabin, who directed "Broadway of the City."

The Friday cast also includes Myrna Loy, David Newell, Jean Harlow; Ruth Selwyn, Kathryn Crawford, Louise Chesser Hale, Mitchell Lewis, Elizabeth Patterson and Little Harriet. The picture was filmed by Charles Brabin, who directed "Broadway of the City."

The Saturday cast also includes Myrna Loy, David Newell, Jean Harlow; Ruth Selwyn, Kathryn Crawford, Louise Chesser Hale, Mitchell Lewis, Elizabeth Patterson and Little Harriet. The picture was filmed by Charles Brabin, who directed "Broadway of the City."

FREE TRIAL OFFER OF KRUSCHEN

If you have never tried Kruschen—try now at our expense. We have distributed a great many special "GIANT" packages which make it easy for you to prove our claims for yourself. Ask for a sample of the "GIANT" 75¢ package. This consists of our regular size bottle together with a special stopper which holds two weeks. In the total bottle there is no air left, and when this has entirely come off, the regular bottle is still as good as new. Take it home, immediately and without question. Price 75¢, immediately and without question.

What could be fairer? Manufactured by the Kruschen Company, Ltd., Guelph, Ontario.

Oranges From Palestine

Shipments Are Transported To Halifax In Prime Condition

The second shipment of Jaffa oranges to reach Halifax this season arrived on the S.S. City of Oran. The modern facilities with which the vessel is equipped enabled it to load some thousands of cases of these Palestine oranges at Port Said, transporting them in prime condition the entire distance to Halifax.

Already this year the quantity of Jaffa oranges reaching the port of Halifax is considerably in excess of all Canadian importations of this fruit during 1932. The fiscal year ending March 31, 1932, showed a total of 4,792 cases of Jaffa oranges entering Canada. This was the first real development of this trade with Palestine, previous shipments being 170 cases in 1931 and 281 cases in 1929.

Thrive Under Depression

Municipal Pawn Shop In Paris Does Big Business

The Credit Municipal de Paris, which in plain English is the city pawn shop, on a large scale and known to the French as "My Aunt," is enjoying the unusual success of being highly saluted with the much laudatory depression. The less money people make, of course, the more they tend to borrow, and "Ma Tante" is always more than willing to lend.

Statistics communicated recently show that during 1931 the number of objects deposited as securities for loans exceeded by \$3,000 the total for 1930. And 1932's figures are likely to even surpass this.

By Ruth Rogers

SLIM LINES AND SMARTNESS

It's amazingly simple to copy! Today's model is stunning carried out in dark and light grey crinkly crepe silk.

The soft neckline is extremely becoming and youthful.

There is no unimportant seamness about the hips, but not carried too low to strain across the thighs. The front of the skirt cuts in one with the hip yoke, creating a panel which tends to slim the figure height.

The rear of the skirt is slightly shaped for ease of movement.

Why not have it? You can copy it exactly for a very small sum.

With a little care you can wear now and all through the spring.

Style No. 480 is designed for sizes 36, 38, 40, 42, 44 and 46 inches bust.

Size 36 requires 3 1/4 yards 39-inch, width, plus yardage.

Price of pattern 20 cents in stamps or coin (coin is preferred). Wrap coin carefully.

VETERAN WAR CORRESPONDENT WEDS

The marriage of Henry W. Nevinson, veteran war correspondent, and Miss Evelyn Sharp, author of a number of children's books and novels, was the culmination of a friendship which began thirty years ago when the two journalists were comrades in the fight for women's suffrage. Our picture was taken after the ceremony as the couple left the Town Hall, Hampstead, London, England.

Oldest Circulating Library

London People Got Habit From Famous Muddle Family

Through the death of Alfred Muddle 90 years of age, the famous family which first taught London the circulating library habit is left with only one member—Arthur O. Muddle. More than 90 years ago Muddle's library started in Cheyne Walk, Chelsea, England. It moved to Bloomsbury in 1844, where it has remained, but at different addresses, ever since. Many famous authors of the Victorian period owed a good deal of their popularity to Muddle. He put into circulation 3,000 copies of George Eliot's "Silas Marner," and most of Disraeli's "Endymion." Livingstone's "Apaches" were brought by the firm into prominent notice, and later still Stanley's "In Darkest Africa." Nowadays Muddle's have a host of competitors, of course, but they also secure new subscribers in plenty.

Souds Rather Untidy

To the Uninitiated "Cutting Novels" Means Just That

Newspaper folks know what the job of "cutting novels" is, but to the uninitiated the term means little. Anyway, a young woman was asked to attend to this job which consists of going through current novels with a sharp pencil, crossing out unnecessary paragraphs in order to bring the story down to a length suitable for social publication. She took her work home with her. With a sigh of resignation her mother called to her, "I've laid the scissors on the living room table for you." Amused the daughter queried, "But what do you think 'cutting novels' means?" "I don't know," returned the mother, "but I've been reading the way the house would look when you get through."

Recipes For This Week

(By Betty Barclay)

STUFFED SPICED PRUNES

$\frac{1}{2}$ pound prunes.
 $\frac{1}{2}$ cup sugar.
 $\frac{1}{2}$ cup corn syrup.
 $\frac{1}{2}$ cup water.
3 to 6 cloves.
 $\frac{1}{2}$ teaspoon grated nutmeg.
 $\frac{1}{2}$ teaspoon cinnamon.
 $\frac{1}{2}$ berries.
 $\frac{1}{2}$ teaspoon maple flavoring.

Chopped meat.
Boil prunes in enough water to cover for one half hour. Drain off liquid and add sugar, syrup, water and spices. Simmer slowly until the syrup is all absorbed into the prunes. Remove pits carefully, leaving prunes as whole as possible. Fill the cavities with chopped meat, moisten with a little syrup or cream to which flavoring has been added. Roll in confectioner's sugar.

BACON SALAD SANDWICH

Cook the bacon until it is crisp. Butter slices of bread and spread with mayonnaise dressing. Add a little chopped lettuce and a little tomato which has been seasoned with salt and pepper. Add crisp bacon, and put on the remaining slice of bread.

Know What He Meant

A story is told of a negro preacher who prayed earnestly that his colored brethren might be preserved from what he called their "upsettin' sins." "Bruder," said one of his friends at the close of the meeting, "you ain't got de hag da ar word. It's 'besettin,' not 'upsettin'."

"Bruder," replied the preacher, "if dat's so, it's see. But I was a prayin' de Lord to save us from de sin of intoxication, and if dat ain't a up-settin' sin, I dunno what am."

SUNDAY SCHOOL LESSON

FEBRUARY 10

JESUS TEACHING BY PARABLES —THE GROWTH OF THE KINGDOM

Golden Text: "The earth shall be full of the knowledge of Jehovah, as the waters cover the sea"—Isaiah 11:9.

Lesson: Mark 4:21-34.

Devotional Reading: Psalm 119:33.

40

Explanations and Comments

Responsibilities Of Disciples, verses 21-25. "Behold you is given the mystery of the Kingdom of God. Jesus said to the disciples as He began to explain to them the parable of the "Sower" (verse 11), and now He goes on to tell them that privilege carries with it responsibility. The insight into great truth was greater than that of the multitude theirs was the responsibility of making use of it for the common benefit.

In the parable brought to be put under the bushes, or under the bed, and to be not put on the stand?" The use of a light is to shine, therefore the lamp is not to be hid but is to be set upon a stand. Knowledge is not for oneself—it is to be shared. "We are here back at a principle which runs right through the New Testament. That is that every gift conferred upon us by God is to be turned upon us for our own enjoyment or enrichment, but for service. The word of the Gospel is not a thing to be hoarded, it is a thing to be used. We are here under that we may proclaim it. We receive it that we may spread it! "Let your light so shine before men," said Jesus, "that they may see your good works."

"Heaven doth with us, as we with lighted torches do,
Not light them for themselves, for if
Did not go forth from us, 'twere all alike
As though we had them not."

What you get from listening depends upon the manner in which you listen. If you are indifferent to what is being said, or if your mind is so distractingly absent, then the words you hear do not "seem"; then you are nothing profited by your hearing. What you get from any service depends upon what you bring to it; if you bring an attentive ear and a receptive heart, then you receive your reward.

The Power Of Growth Inherent In Spiritual Things, the Parable Of The Mustard Seed, Matthew 13:31-32.

The seed is the Word of God, we learned in the parable immediately preceding these verses. Now we are told of the secret, mysterious growth of the seed, which is only apparent after the blade, then the ear, then the full corn in the ear—and then of the fruit-bearing power of the earth and of the time of full harvest.

No Good Unless Spread

Value Of Gold Lessened When Supply Tied Up

It rested very much in the hands of the present gold standard and creditor countries whether gold was to become so rare in relation to other commodities that its full use as a backing for currency was a luxury that only one or two could enjoy. In France they were beginning to realize that gold was very much like the large cake the schoolboy mistakenly kept to himself until it "went bad on him."

So we came back to the old proverb. "Money, like mud, is no good unless spread." What was true of gold that any other form of money, and gold could only justify its extraordinary intrusion into the world's affairs if it aided—and always aided—the interchange of goods. The moment we became frightened of that interchange, the value of gold was a delusion.

British common sense, backed by bitter experience, ought to take us into the councils of the nations better equipped to solve the problems that confronted us, and meanwhile it behooved everyone to try individually to master the problems.—Sir Josiah Stamp.

Taking a Holiday

He was standing on the corner paying no attention to anything. He shook his head and mumbled to himself, "No, no, no, no!" He paid no attention to the crowd that gathered, but just kept saying: "No, no, no!"

An officer shook him by the arm and said: "What's the trouble, my friend?" "Nothing at all," came the reply. "I'm just a 'yes man' taking a day off!"—Railroad Trainman.

Quite Intentional

Insurance man (putting questions to a woman)—"Ever had any accidents?"

"No," was the reply.

"Never had an accident in your life?"

"None. A rattler bit me once though."

"Well, don't you call that an accident?"

"Now—he hit me on purpose."

Canada's Wheat Crop

Final Estimate For 1932 Places Yield At 428,514,000 Bushels

The total production of wheat in Canada for the year 1932 was 428,514,000 bushels according to the final official estimate made by the Canadian Government Bureau of Statistics. This yield was from 27,182,100 acres, or an average production of 15.8 bushels per acre. The 1932 crop was 107,189,000 bushels greater than that of 1931, which totalled 321,325,000 bushels from 26,209,923 acres, or 12.3 bushels per acre. Of the whole of last year's wheat crop the Prairie Provinces—Manitoba, Saskatchewan and Alberta—accounted for 408,400,000 bushels from 26,395,000 acres.

The 1932 total yield of oats for the Dominion was 391,561,000 bushels from 13,148,400 acres, an average yield of 29.8 bushels per acre. Bailey returned an aggregate crop of 80,773,000 bushels from 3,757,600 acres, equal to 21.5 bushels per acre. Both the oats and barley crops were larger in 1932 than in 1931, and, as in the case of wheat, the Prairie Provinces were the principal producers of oats and barley.

The aggregate value of all Canadian field crops in 1932 is estimated at \$415,556,900, as compared with \$452,235,406 in 1931. The total area under field crops is estimated at 332,550 acres, as compared with 332,749,000 acres in the previous year.

Finds Business Profitable

Winnipeg Ice Company Growing Mushrooms In Unused Space

Introduction of the iceless refrigerator put several large ice plants in Winnipeg into the discard. It remained for the Arctic Ice Company to find a new and ingenious use for its space. Today that company has more than 10,000 feet of mushroom beds on its "floors" and is finding this a very profitable business.

The new industry, so far as Winnipeg is concerned in winter, is "velvet," since mushrooms were an important luxury until this year. When the plant was started mushrooms were \$1 a pound. Today they are only 50 cents a pound. Consumption has increased 400 per cent or more, and the company is not worrying about price since it has solved the problem of production. The claim is advanced by the chain stores which sell these mushrooms, that the market is nowhere near its saturation point.

Famine conditions are reported to prevail in Shensi Province of China.

R U P TURE

The Hyde Hernia appliance has proved its worth. Worm and rectal hernias, those of doctors, ministers and men and women in all walks of life only 3 oz. weight. No special diet required. WORLD HAPPENINGS BRIEFLY TOLD

A hitherto unknown sphinx is reported to have been unearthed near the second pyramid.

A currency note issued and signed by General Gordon during the siege of Khartoum in 1885 was sold in London recently for \$7.50.

The two-way trade between Canada and United States during 1932 declined by more than \$225,000,000 as compared with the previous year.

"Nut culture in the Okanagan Valley is a new industry of much promise and a display from groves of the valley will be shipped to the World's Fair in Regina.

Completing a month's tour of Canada, in the course of which he gave more than 35 addresses before various organizations, mainly on Indian questions, the Marquess of Zetland sailed for home on the "Montcalm."

Convinced the "submarine" is the only safe vessel for polar exploration, Sir Hubert Wilkins said he not only is planning a second trip under the Arctic ice, but expects to take his salary alone.

Only one state employee—President Albert Lebrun—volunteered a cut in his salary during the recent attempt to balance the French budget. He sent word to the premier to cut his salary 10 per cent.

Industry, Hon. R. J. Manion, Minister of Railways and Canals, told an audience in Fort William, has no right to regard labor as a pool from which men could be drawn in good times and to whom they could be returned in bad times.

A \$100,000 research foundation has been organized to further the cancer serum investigation started by Dr. W. T. Gairdhan. A firm of manufacturing chemists is now behind the research. Dr. Gairdhan is the chairman of the foundation.

France's New Super Liner

"La Normandie" 800 Large To Go Through Panama Canal

And now France has pveved the pride of the United States again. She has built a great new super-liner, the world's marine giant. That could be passed over, perhaps, but it won't go through the Panama Canal. The "Normandie" is 1,020 feet long and has a beam of 117 feet. They talk of building a larger lock at the Panama but present estimates of the third set only call for a length of 1,200 feet with a spread of 125. But even that, in the matter of width, will allow only four feet room on each side of a vessel of the "Normandie's" proportions, certainly none too great a margin for safe handling of so gigantic a structure. However, present maritime trade and financial conditions are not such as to render likely an increase even of the stated amount in the canal's locking capacity for a considerable time in the future. It will be strange if the Panama Canal is outmoded by greater feats of engineering skill.—Brandon Sun.

After two weeks' trial of traffic signals in London without the yellow caution light, the light has been restored as being useful.

Austria's exports jumped nearly 20 per cent in a recent month.

SCRIPT PROPOSAL

DOES NOT APPEAL

Calgary would be well advised to follow the example of Edmonton with regard to the script scheme. Which is to say that delay is indicated in the adoption of scrip measures. A committee of the Edmonton Chamber of Commerce, headed by Professor G. A. Elliot, of the department of economics of the University of Alberta, made a careful investigation into the value or feasibility of the scrip system and its considered opinion was that Edmonton should fight shy of scrip unless compelled through competition or other exigent reasons to have recourse to it.—Calgary Herald.

OLD MOTHER NATURE IS

STERN STEPMOTHER

Old Mother Nature is a stern stepmother, we are told; and one of her laws is the "survival of the fittest."

This mild winter, with its warm sunny days, acted as a forcing house for some forms of vegetable life, such as pansies, mayflowers, dandelions, and other flowers. We can accept them as they are rare instances of growth under ideal conditions. But can you credit this! When a C.N.R. employee was sent to knock down some birds' nests in the Moncton coaling plant, one day about the middle of January, what do you think he found? Standing on the ladder, he looked into the first nest, and found it full of newly hatched birds, or at least birds, with very scant supply of feathers. The parents were away foraging for food for their babies. He looked into the next nest, and the mother bird was sitting on her eggs. He did not have the heart to destroy the nests, and threw the birds down on the cold icy ground under the nests, so he climbed down again, and left them.

Would these little helpless creatures, born out of season, weather the terrible storms, which broke over that city in a fortnight's time, is a nice question for an entomologist, and will they eventually grow up, or perish before spring?—*Yukon Weekly News*.

EASY MARKS TO SHOOT AT

No heroic effort will be required of the Canadian industry to surpass the production achievement of 1932. First figures on the output for last year show a total of 60,816 cars, of which 13,183 were for export. In the previous twelve-month period 63,926 cars were made for consumption in Canada alone. By the usual deductions, it might have been expected that about 95,000 cars would have been replaced in Canada during 1932, but the fact proved otherwise. Naturally, still more replacements are now necessary, and with the excellent cars being offered, it might not be too much to expect that the sales total of 1932 will be considerably exceeded in 1933.

The remains of a bed, left at the gate of a respectable Blairmore home on Tuesday night, can be had by the remainder of the individual calling upon the new scavenger and pruning property.

C. C. Bremer, inspector of public schools for the Macleod inspectorate, was one of the two successful questionnaire candidates to win the \$100 prize awarded by General Motors of Canada. His paper consisted of "Helpful Comments on Service." The other candidate was W. King, of Redcliff. These were the highest prizes for the Dominion in the respective classifications.

PROVINCIAL LIBERAL
EXECUTIVE MEETING

Feb. 8.—During the forenoon reports were received from representatives from all parts of the province. In no uncertain terms the opinion was expressed that the government had lost the confidence of the people and if an election were held at the present time the Brownlee administration would be wiped out.

During the afternoon the various resolutions passed at the convention held in October were reviewed and the following sixteen points are taken from the provincial platform:

The Provincial Liberal party stands for:

1. A complete reorganization of every department of the Government in order to increase efficiency and to eliminate the tremendous waste, duplication and unnecessary expenditure which exist at the present time.

2. To apply the net revenue derived from the natural resources and all other net capital revenue to the reduction of the public debt.

3. A proper division of the revenues collected by the Provincial Government as between the Provinces, the Municipalities and the School Districts, in order that the proceeds of taxation may be fairly distributed.

4. A complete revision of all sources of taxation in order that the taxes may be reduced and made to apply more fairly on all of the people.

5. In the administration of the affairs of the Province to spend less than is collected annually.

6. A complete reorganization of the Alberta Government telephone system in order to restore it to a state of efficiency.

7. To reorganize the Department of Agriculture along lines to give effective leadership in all branches of agriculture, and particularly in the matter of obtaining markets for farm products.

8. To increase the efficiency of primary education and to adequately maintain secondary education.

9. The proper maintenance and improvement of all the Public Health services of the Province.

10. The proper safeguarding of the ownership and development of power for the benefit of the people.

11. Unemployment relief should be afforded to those entitled to it, but it is a Federal responsibility, and the Province and Municipalities should be relieved of all liability in connection therewith.

12. To enact such legislation and take such other steps as will immediately give a fair measure of relief to the people of Alberta from the burden of both public and private debts and interest charges.

13. To support the system of contributory unemployment insurance.

14. To fight for an immediate general lowering of tariffs and the removal of all other restrictions on trade in order to effect a resumption of the markets for our produce.

15. Favors Federal legislation for the supervision of the issuance of securities to the public by corporations organized under Federal charters.

16. Favors the establishment at the next revision of the Canadian Bank Act of a central national bank whose function will be to direct and control the issue of currency and the extension of credit through the banks of Canada.

LINEN LATEST ROAD MATERIAL

An experimental road devised by the British Ministry of Transport, and laid down at Colthorpe, in Middlesex County, has focused the attention of the linen interests of Belfast. Because became sheets of linen were laid between layers of concrete, and if linen is proved to be practical material for roads, the Irish looms will be that much busier. The theory of fibres is that linen sheets make it possible to effect repairs without removing more than the top layer of concrete.

After having been told repeatedly that he required more sand, an Edmonton hockey coach has married one.

BLAIRMORE UNITED CHURCH
Rev. Albert E. Tarko, Minister

Serve the Church that the Church May Serve You.

Services Sunday, February 13, the minister in charge.

11 a.m.—Senior School.

2 p.m.—Junior School.

5:30 p.m.—Y. P. Society Supper Meeting.

7:30 p.m.—Public Worship and Song Service.

Young People's Supper Meeting

As an experiment, the young people are endeavoring to gather together at supper meetings, to be held on alternate Sunday evenings. The first of these will be on Sunday next, 19th, when Mr. S. G. Bannan will be the speaker. The programme will be in charge of Mr. Floyd Hotte. All the Young People's Society members are requested to present to make the meeting a success.

ST. LUKE'S CHURCH NOTES

Rev. A. S. Partington, B.A., Recter

Sunday School in the hall at 10 a.m. Morning Service at 11 o'clock in the church.

NOTED ECCLESIASTIC

LECTURING

Moncton, N.B., Feb. 12.—A picturesque figure in the ecclesiastical world stepped off the Ocean Limited at Moncton recently, in the person of Archbishop I. O. Springer, metropolitan of the Ecclesiastical Province of Rupert's Land, who otherwise known as "the bishop who ate his hoots," who

is on a lecture tour through New Brunswick and Nova Scotia. Rugged as the north country in which he serves, for over forty years and standing six foot tall, His Grace presented a striking figure. The episode of the boots, gleaned from the following entries in his journal, occurred in 1909 when he, along with an assistant, lost his way and rations ran out.

"Sunday," Oct. 17.—Traveled 15 miles. Made supper on toasted raw hide sealskin boots. Palatable. Fiel encouraged.

Oct. 18.—Traveled all day. At pieces of my sealskin boot, boiled and toasted, for supper. Used sole first. S. rabbit snare.

"Oct. 19.—No rabbit in snare. Breakfast and dinner of rawhide. Also a tiny bit of pemmican each.

"Oct. 20.—Breakfast from top of boot. Not so good as sole.

"Oct. 21.—Boat soles and tops. Soup of small scraps of bacon and a spoonful of flour. The last we had. Very tired."

John D. Rockefeller has made a bid for the one only available share in the Blairmore Ping-Pong Club.

If you print any more jokes about Scotsmen, I shall cease borrowing your paper," writes a man from Aberdeen.

The Blairmore Miners hockey team defeated the Michel outfit 5-3 here on Friday night last. Blairmore's lineup was Rae, McAndrew, Poff, Herman, Stewart, Maniquet, Krell, Grant, Morency and Rinaldi.

Joseph Stefano wishes to advertise for a "woman." No particular dimensions or colors are specified, but she must have at least ten thousand dollars and be able, as well as Murphy, to swear she is not a capitalist.

In most of the towns and school districts in the province, the election was saved to the raters; though the aldermanic school board candidates were returned by acclamation.

"R. B.—AN INDICTMENT"

If you search through history's pages

Today, I defy you to find
A record of treachery more complete,
Than R. B. is leaving behind.

He promised to end unemployment,
To fill every dinner pail,
That never again in this land of ours
Should hungry children wail.

He promised the farmers markets,
If he had to blast a way;
He promised them everything under
the sun,

And what do we find today?

Our cities are filled with the unen-
ployed,

Grim want on every hand,
And hunger rearing its ugly head
In this fair and bounteous land.

And there with studied indifference,
The man who just wanted a chance,
Stands idle but pandering to his
friends,

In the face of revolt's advance.
Refusing our servants the right to
speak,

Treating their pleas with contempt,
This would-be Mussolini of ours
Who dreams he's been heaven sent.

When slaves of the farm in thousands
strong

Would meet him to state their
case,

"I'm busy," says he, "with a noble
lord,"
And you'll have to keep your
place."

His very act has convincingly proved
That he's far too small for the job,
For to crown a record already com-
plete,

He passes the buck to God.

This last, at least, to me gives hope,
That the handwriting's plain on
the wall,

That retribution at last has come,
And R. B. is doomed for a fall.

—By Alex. Fraser, Plainfield, in the
U.F.A.

R. L. King, editor of the Clarence
Local Press, accompanied the
hockey boys here on Thursday last.

Mrs. Bower has been installed as
regent of the Captain McPhail Chapter
of the L.O.D.E. at Pincher Creek.

The horsepower of a car is deter-
mined by the number of horses nec-
essary to drag the machine back to
town.

John Macleod, father of Dan R.
and Alexander Macleod, of Trail, B.C.,
died at The Falls, Nova Scotia, on
January the 28th.

Mrs. Jack Lee, formerly Miss Jes-
sie Grady, daughter of A. F. Grady,
of Macleod, died last week at Edmon-
ton.

J. S. Woodsworth, M.P., is opposed
to any action being taken against
unlawful assemblies. Woodsworth
hasn't yet decided to go back to Rus-
sia.

Ernie Schaaf, twenty-four-year-old
heavyweight boxer, died at New York
from injuries sustained in thirteen
rounds of fighting with Primo Car-
rera on Friday night.

Count Val Rinaldi is quite satis-
fied that the enormous animals seen
prowling around his Blue Grouse
Ranch for some time are tech-
nical rats.

A transient traveller, who evidently
knows something of some part of the
element elected to office at Mon-
day's election here, made the remark:
"Question of principle as a qualifica-
tion doesn't seem to have been taken
into consideration by the ratepayers
or voters here in the choice of candi-
dates for honorable office."

J. W. McDonald's return to civic
life in Macleod is an evidence of the
appreciation his fellow citizens hold
of the fine service he gave as Mayor
during the period when the town
was faced with a financial problem.
Mr. McDonald is a public-spirited citizen and zealous in
his interest in the welfare of Mac-
leod.—Lethbridge Herald.

BELLEVUE, ALBERTA

STEPHEN LEACOCK IN RUSSIA

The five-year plan was intended to
do two things, to make machines and
to produce goods to harmonize with
needs. It is doing neither. The machi-
nes rust in the ditch for want of the
trained brains to work them; the
wires snap under the clumsy fingers
and the dull brains that do not under-
stand them.

"What Russia has is not commun-
ism in the sense of a free association
of willing men working in common."

It is communism in the sense of
the enslavement of the mass by the few

with the aid of an organized army
and a war equipment. This, with
the police, the universal spy, the
convict camp and the death sentence
join society together. So does a
chain hold a prisoner to a dungeon
wall.

"These vain young men who talk
among us do not know what they
speak. Those whose lives are closing
in can value better the great realities
that they would throw away. You
cannot introduce communism into
Canada by talk, by votes, by meet-
ings. If our people are to lose the
homes that they own, the farms that
they have cleared, the savings of their
lifetimes, they will take a shot gun
first and see why.

"The Russian system, even as slav-
ery, is failing. There is no food for
the slaves. And without food the
slaves will die. Starvation is stealing
near. The darkness of the cavern
grows deeper still.

"This New Year day, our people in
Canada stand in long lines waiting to
get into hockey matches. It is cold,
bitter cold, but they laugh and talk.

"Moscow they stand in long lines,
waiting for food. It is bitter cold
and they do not talk. For if they did
someone might hear them. They do
not laugh, for if they did, someone
might report them.

"In the humblest of homes in Can-
ada today there is at least freedom
and hope. We will not let one an-
other die. In Russia, even behind the
best locked door, there is fear. They
will not let one another live.

"I have never been in Russia.
Neither have I been in hell. But I
don't need to. I know all about it."

Ottawa Journal.

Technocracy, the Hanna Herald
thinks, may make the small boy's
dream come true:

"I wish I were a little rock
A-sitting on the hill,
A-doing nothing all day long
But just a-sitting still.
I wouldn't work, I wouldn't think,
I wouldn't even wash;
But sit a thousand thousand years
And rest myself, b'gosh!"

A model of the Saskatchewan exhi-
bit to be displayed at the World's
Grain Exhibition and Conference to
be held at Regina next summer, has
been completed by officials of the de-
partment of natural resources, and
plans for the preparation of the real
exhibit are now under way.

George Shearer suffered a nasty cut
over the eye while playing hockey on
the Camp rink on Saturday afternoon.
First aid was rendered by Postmaster
Ellison and then Murray McKenzie
took the young man to the hospital,
where it was discovered that the cut
was not as bad as it looked, no
stitches being necessary to close the
wound.—*Kimberley Courier*.

BOOK OF ALBERTA, CHAPTER II.

gary to attend the sessions of the Rebekah Assembly. "Mrs. Johnson is local lodge representative.

Mrs. J. Hillary entertained a number of friends for tea on Friday afternoon.

W. Kerr was a Lethbridge visitor for the bonspiel last week.

Mrs. Thomas, of Corbin, was home here on Saturday last.

J. Fisher arrived home from Victoria last week.

The Ladies Aid of the United church held their annual Valentine tea and apron sale on Saturday last.

The tea and sale, were very successful. A centrepiece drawn for was won by Mrs. F. Bosely.

Mrs. Margaret White, of Cochrane, was guest of Mrs. W. Alexander over the week end.

Miss Gertrude May, of the Chapel Rock school, spent the week end in Bellevue, guest of her sister, Mrs. J. Kerr.

A Valentine whisky drive and dance was held in the I.O.O.F. hall on Tuesday evening, under the auspices of the Girl Guides and first Battalion troop of Boy Scouts. Whist honors were won by Miss B. Radford, ladies first; Mrs. D. Truitt, second; Mr. C. Emmerson, gents' first; Mr. D. Truitt, second. After a dainty luncheon, dancing was enjoyed.

HILLCREST HAPPENINGS

Mrs. J. Penn entertained a few friends at her home on Tuesday evening.

The local high school students held a whist drive and dance in the I.O.O.F. hall on Friday evening. Whist honors were won by Mrs. F. Glover, ladies' first; Miss Nicholson, second; Norman Evans, gents' first; D. Truitt, second.

After supper, the guests and students made merry till the small hours of morning.

Mr. and Mrs. A. Hallworth entertained a number of friends on Saturday evening.

Whist was enjoyed during the early part of the evening, honors going to Mrs. B. McDonald, ladies' first; Mrs. J. Boyle, consolation; B. Fisher, gents' first; N. Spooner, consolation.

After a dainty supper, dancing was enjoyed to music by the Troubadours.

The local high school students held a whist drive and dance in the I.O.O.F. hall on Friday evening. Whist honors were won by Mrs. B. Radford, ladies' first; Mrs. D. Truitt, second; Mr. C. Emmerson, gents' first; Mr. D. Truitt, second. After a dainty luncheon, dancing was enjoyed.

THE HILLCREST SCHOOL

Mrs. J. Penn entertained a few friends at her home on Tuesday evening.

Whist was played, the honors being won by Mrs. F. Glover, ladies' first; Mrs. D. Grant, second; Miss C. Emery, consolation.

T. O. Davies motored to Calgary last week and returned with Mrs. Davies.

The Hillcrest school hockey team was defeated 2-1 by Bellevue on Saturday.

Miss Louise Jones returned to Calgary on Sunday, after spending a few weeks with her mother, Mrs. P. Salt.

At a basketball game on Tuesday evening, between the Hillcrest and Mountain View boys, the local team was defeated 35-13.

Another game followed, between Hillcrest and Bellevue girls in which Hillcrest again lost by a score of 20-18. The Mountain View team returned home on Wednesday.

Sylvia Evans was a Blairmore visitor over the weekend.

Mr. and Mrs. Clare Smith returned to Calgary on Monday, after spending a few days at the home of Mr. and Mrs. Frank J. Smith.

A very successful dance was held in the Union hall on Monday evening, under auspices of the ladies' bridge society.

Mrs. Rhodes, of Bellevue, took charge of the service in the United church on Sunday evening last.

The Ladies' Aid held a very successful pantry sale and tea on Saturday afternoon in the United church.

A son was born to Mrs. E. Semenza, of Burnis, at the home of Mrs. L. Fumagalli last week.

THE HILLCREST SCHOOL

Miss Agnes McPhail is one politician whose mind seems corroded with suspicion. That is unfortunate, because such minds make no contribution to national betterment. Speaking in Calgary in the course of the late by-election, she said that "the universities, the press, the governments and the churches have suppressed what they know to be true and given out what they know not to be true." Presumably she is suspicious of everything but herself. Such mentalities usually end by doubting their own bona fides.—Ex-

TECHNOCRACY

Technocracy was born seventy-eight years ago, and it took some element of mankind just seventy-eight years to find a suitable name for it. The children had been very attentive while the teacher told them about the animals. "Now," she said, "name some things that are very dangerous to get near to and have horns."

"I know, teacher," responded Willie.

Teacher: "Well?"

"Motor cars, miss."

BOOK OF ALBERTA, CHAPTER II.

1. And it came to pass after many days and much murmuring among the people that a company met in the place that is called Drumheller, meaning a place of discontent.

2. And there was a great cloud over them, even the cloud of depression, that refused to rise and the men were weary, though not from labor, and they did come one Bennett who had failed them, and condemned one Browlee who had betrayed them.

3. And after much conferring together they said, "Let us build our own ship, even an Ark, like unto a state of Ship. Let us build it large and modern, so old things shall pass away and all things shall become new."

4. And they reasoned together saying, "Have we not all the honesty and ability to do great things? Do we not represent Industry in all its branches? Are we not the products of every good thing? Come then and let us build our ship, a mighty magic structure, even a tri-motor air ship."

5. Then said one Gardner unto them, "Who shall pilot this ship? Who among us hath knowledge?"

6. Then came one Woodsworth and one Irvine saying, "Who save me hath Pilot's license?" And a farmer answered them saying, "I, too, have a Pilot's license. I have laid aside my Priestly robes, even as they that I might guide the farmers whom I love. Let me guide the ship, I pray thee, and many farmers shall join us."

7. And it was agreed among them that all three should guide the ship, which was built in due time, even in Drumheller, a place of discontent, and they called the ship the C.C.F. (Consistent Clergy Failures).

8. So it came to pass after many days they flew the ship to the city that is called Calgary, and it spread its protecting wings over that great city, and many were astonished at its capacity, for there were many farmers gathered together there in convention.

9. And many of the more ignorant asked, "What meaneth the letters printed in Red, for we see C.C.F., U.M.W., L.W.W., Prog. and Tech. and on her tail the letters U.F.A."

10. Then said the three pilots, with one accord, "These are they of high ideals, that have come up out of great tribulations, some have even been Grits and Tories—these we will only use for hullast."

11. And after the ship had landed in the city that is called Calgary, there appeared one Agnes, the Queen of the C.C.F., who had come from the country that is called Gray, and she did appeal to one Robert, an honest tiller of the soil, saying, "King hath not loved me and Bennett has been conservative in his affection for me. I shall join thee in all thy labors. Let us co-operate."

12. And Robert said unto her, "Thou lookest good to me. These are all my people, speak thou unto them," and they gathered about her and she expounded unto them on the control of currency and the birth of children, and the people were greatly amazed at her words of wisdom, having learned how little experience she had had with either.

13. And the farmers said, "She shall be our Queen too."

14. And they crowned her and set her on a pedestal.

15. Then cometh Brownlee that is called John from the city that is called Edmonton, and with him two of his wise men, and they were greatly pleased that the C.C.F. ship had called at Calgary, for they reasoned one with the other, "This will divert the minds of the farmers from our failures."

16. They shall have less time to discuss Hunger Parades, Poor, Mortarums and the Pooling of their debts. Now we shall get together and arrange for another meeting of Parliament and give our blessing to the C.C.F. against our common enemies, the Grits and Tories."

17. Then Brownlee that is called John warned the U.F.A. to be cautious and never to ship on the C.C.F.

The Way Out.

The whole world is looking for a way out of the terribly complicated financial and economic mess into which it has been plunged as a direct result of the Great War. Whatever may be the contributory causes to the intensity and widespread character of the present depression, the main root cause of the depression was the war and the terms stipulated in the peace treaties. This is now universally recognized. No one seeks to deny it unless they have something particular to say by attributing the world's present troubles to something else.

One of the results of the Great War, and the treaties by which it was ended, has been the development of an intensely narrow nationalism, which in turn, has led to the adoption of those policies which today are strangling the trade of the world and causing all nations to seek ways and means of making themselves self-contained economic units. It is this which has caused the break-down of monetary systems and adoption of uneconomic policies by which all nations are endeavoring to produce both primary and manufactured products which are not natural to their particular countries. It is one of the outcomes of the war that every nation is desirous of promoting exports while at the same time shutting out imports—an undertaking which even the dullest schoolboy understands to be impossible.

More and more, thinking men and women are coming to realize that there are only two ways whereby the world can be brought out of the impasse in which it now finds itself. One is through the instrumentality of another great war; the other is by the nations of the world getting together in conference to undo as far as may be possible the blunders made following the last war and to remedy the mistakes which have been, and still are, persisted in by practically all nations.

There may be some inhuman creatures who would welcome the first way out, but they are few and far between. Another war would create a huge demand for products and commodities of all kinds, with a consequent enormous increase in prices, because it must be admitted that war, more than any other agency, creates a large demand for almost everything, except pure luxuries. But apart from the horrors of war, the final result would be—as it always has been throughout history—the development of another depression surpassing in its intensity and duration even the one through which we are now passing. War would be no cure for our financial and economic ills; it would merely temporarily raise the depression, only to plunge us back into it in more intensified form.

God forbid there should be another war, but there will be unless the nations of the world come to their senses, get together in conference, abandon their narrow nationalisms, and work together in union for the common good of all, instead of at cross purposes, each seeking to advance itself at the expense of the others.

Yet there are people today so utterly blind or selfish that they go about decrying every effort that is put forth to bring the nations into conference and, let us hope, ultimate agreement and co-operation. These people take the position that conferences are useless; they scoff at them; they predict failure for each and every one of them in advance of their meeting. But if the world's salvation is not to be found through the medium of conferences, then its final destruction will be brought about by war, because inevitable, financial and economic warfare—in which the nations are now engaged—will, unless stopped, end in physical war.

These people point to the many conferences already held, and they ask: "What good has come out of them?" They say the Lausanne Conference was a failure, yet at that conference the nations of Europe agreed to cut German reparations down from many billions of dollars to a few hundreds of millions. True, that decision is dependent upon further action yet to be taken, but it was a long step forward toward a solution of the war reparations and war debts problem. The same people say the Ottawa Economic Conference was a failure. Well, that depends upon a person's viewpoint. Some very able statesmen of many countries regard it as a successful beginning to other policies to follow. While others, it is true, believe the mistakes were made in that it did not accomplish much more in the direction of freeing trade from the artificial restrictions now imposed upon it.

Another world conference is to be held this year, called specifically to deal with world financial and economic problems. All the principal nations of the world have agreed to it. But will these problems be solved? We are going about telling people that it will prove a failure. If it is, it will be time enough to say so after the event, but no good, only harm is done by condemning it in advance. People who adopt such an attitude are not patriots nor friends of their fellow man, but trouble-making busybodies having some ulterior motive to serve.

No conference will accomplish all that everybody expects of it or desires it should accomplish. Any conference, if it is to achieve anything, must proceed along the path of compromise. There must be give and take all round. A little co-operation right at the antebellum stage is evident. Even the smallest amount accomplished is such gain, and every small gain counts the only way for further gains, just as every loss leads to other and greater losses.

These people decry and condemn world conferences in advance as, in fact, refusing the world's only alternative to war as a means of settling disputes between nations. There are more conferences now than ever before in the world's history. Why? Because the real and far-seeing leaders of world thought are striving as never before to prevent war. In past ages war resulted because the nations did not try to get together and settle their differences and disputes in a civil manner. Now they do not do so now, war will be the only alternative, the inevitable result.

Those who go about decrying, criticizing, and condemning such conferences in advance are nothing more nor less than war-mongers, advocates of international bloodshed and revolution, apostles of the doctrine of physical force rather than peaceful methods of compromise and evolution, slow though it may sometimes be, whereby reform is achieved and mankind moves forward to better things.

Launching the "Normandie"

When the "Normandie," the world's largest liner, was launched at St. Nazaire, France, recently, a ton of soap, two and one-half tons of lard and 43 tons of tallow were needed to grease the ways. Six hundred men assisted in the launching. The President of France attended, and his wife, Mme. Lebrun, broke the bottle of champagne over the bow.

Liked His Job

After a trial had been in progress for three hours a jurymen in the King's Bench Division of London courts told Justice Ashton that he was very deaf and had not heard a word. After a consultation with the attorneys the Judge continued the hearing with a jury of eleven. "I am sorry to go because I liked the job," said the jurymen as he left the box.

A Delicate Operation

Doctor Stops Woman's Heart and Removes Blood Clot
Dr. Clarence Crawford, of Stockholm, Sweden, announced a successful operation on a woman patient whose heart he stopped for four minutes while he removed a blood clot from the organ.

The patient regained her health.

It was claimed to have been the eighth such operation in medical history three of which were by Dr. Crawford. Two others were in Sweden and three in Berlin.

Merchandise exports from Japan to the United States were valued at twice those of the corresponding month of 1931.

Water is the chief constituent of all living things.

Nervous—Could Not Sleep

Tired Out All The Time

Mrs. George Schirmer, Neuwegepark, N.W.T., writes: "I was so very nervous I could not sleep at night, and felt tired out all the time."

A neighbor told me Milburn's Heart and Nerve Pills, and as she was using them at the time she gave me some to try. I found they were doing me so much good I purchased two boxes and they proved of wonderful help to me."

For sale at all drug and general stores; sold only by The T. Milburn Co., Ltd., Montreal, Que.

Has Seen Canada Grow

Montreal Woman Emigrated From England 87 Years Ago

Five years before Queen Victoria became Queen of England, Sarah Davey was born in London, England. Eighty-seven years ago—the year Abraham Lincoln was assassinated, she came to Canada where she has remained ever since.

Mrs. Ryder, as she is now, celebrated her 100th birthday, at her home in Montreal. Erect and prim, the sunlight streaming on her white hair—hair that needs no lace to hide the wear of time—Mrs. Ryder told of the Canada of 1865.

"I expected Canada would be very bushy," she said, "and it was! We lived in Ierville for nearly 50 years and all my children were born there. Those were good days. In winter we had long sled drives and in summer we went over the country roads were many more country, real country roads than there are now."

Ierville is a town in Manitoba and the surrounding country is very different now. "And the winters were very much colder."

Mrs. Ryder doesn't worry about her meals. "She eats three good meals a day," her daughter said, "and has a glass of ale every night before she goes to bed."

The old lady is not of sympathy with the present generation. "I like to see the girls enjoying themselves," she said, "but I don't think mothers should allow them to stay out all hours of the night as if they weren't interested in them."

Plan Is Developing

Sea-Air Service Would Make Base At Galway, Ireland, Necessary

A combined sea and air passenger service, that would reduce the travelling time between New York and London to three and a half days, has attracted the interest of influential New York bankers.

The project calls for establishment of a large base at Galway, on the west coast of Ireland, for aeroplanes operating in connection with fast trans-Atlantic liners and for modern, well-equipped harbors to accommodate the liners themselves.

C. H. Cledening, president of the Irish Trans-Atlantic Corporation, Ltd., which is developing the scheme, is to confer with New York bankers, who have indicated their willingness to back the project. Dutch and Canadian interests, it is learned, also are watching the development closely.

The plan is ideally situated for the project. A full day or more could be saved in the New York-London route now if the fast boats put in there and the passengers made the rest of the trip by air.

The scheme already is so far advanced that it has drawn the interest of the Canadian, British, and Dutch governments, which see in it immense commercial and other possibilities.

Ceylon Wants Throne Back

Has Been At Windsor Castle For Over Hundred Years

A request that the ancient throne of the Kandyans, which has been in the hands of the King until 1924, when it was removed by the King's command from the throne room to the grand vestibule because it was considered out of keeping with the secretary of state for the colonies.

The throne was used by British sovereigns at the investiture of knights of the Garter until 1924, when it was removed by the King's command from the throne room to the grand vestibule because it was considered out of keeping with the decorative scheme.

The throne, which is an imposing structure of silver gilt, supporting dragons of cut crystal with amethyst eyes, is ornamented with floral decorations. The plating is set with gems.

A Delicate Operation

Doctor Stops Woman's Heart and Removes Blood Clot

Dr. Clarence Crawford, of Stockholm, Sweden, announced a successful operation on a woman patient whose heart he stopped for four minutes while he removed a blood clot from the organ.

The patient regained her health.

It was claimed to have been the eighth such operation in medical history three of which were by Dr. Crawford. Two others were in Sweden and three in Berlin.

Win Progress Prize

Mennonite Farmers Given Second Award In C.N.R. Competition

The community of Hanover, centering on the town of Steinbach, east of Winnipeg, was awarded first prize in the Canadian National Railways community progress competitions for communities of European origin in Manitoba, according to information received from Dr. W. J. Black, director of colonization and agriculture, for the company. This is the third year's operation of these competitions.

The first prize community in Manitoba consists of six school districts, centering on the town of Steinbach. This is a Mennonite settlement, started more than 50 years ago. In the first few years of settlement they had no capital for equipment, but gradually established themselves as farmers through their own initiative and endeavor. Today this community is one of the finest from an agricultural standpoint in Manitoba.

The board of judges, composed of Principal John Mackay, Manitoba College; Mrs. David Watt, Birtle, and Brother Joseph Fink, principal of Providence school, awarded second prize to Vito, a Ukrainian community in southeastern Manitoba, and third place to Sifton, which comprises the north half of the Dauphin municipality, a Ukrainian community north of the town of Dauphin.

History As Understood

Small Wonder Answer Of One Student Startled Teacher

The person who told this story swears it actually happened. The young students were answering an oral quiz on history. The teacher asked, "Who was Anne Boleyn?" Answered a bright-eyed lad, "A flat iron." He had to repeat his answer several times before the startled teacher understood. Then she demanded his reason for making such a peculiar statement. "It says so in the book," he insisted, and leafed through the history until he struck the paragraph that proved his point. "Here you are," he said, and triumphantly displayed the following: "Henry VIII. pressed his suit with Anne Boleyn."

A Privileged Character

Dog's Name Appears In Colorado Fraternity House Directory

Hedge Peter is listed in the University of Colorado student directory. His address is the Sigma Alpha Epsilon fraternity house.

Hedge Peter is a police dog and is the fraternity mascot. When the Sig Alpha officers were preparing their pledge list for the school directory the name of Hedge Peter was slipped into the list and as a result Hedge gets his mail at the Sig Alpha house.

"He's the most obedient pledge we have," said Gilbert Perkins, president of the fraternity.

Delicacy From China

Ten-Year-Old Egg Exhibited At Chinese Evening" In Boston

An exhibition of curios including a ten-year-old egg which was brought from China by Mrs. H. W. Dunning of Brooklyn, featured the "Chinese evening," conducted in Jacob Sleeper Hall by the Boston University Women's Graduate Club.

The egg was preserved according to Chinese custom in quicklime, which makes it very hard-boiled. Eggs of this sort are considered a delicacy in China, according to Mrs. Dunning.

Entirely Trustworthy

"I'm giving you a week's notice," said the maid.

"Why, Jane," replied the mistress, "you have only been here a fortnight and I quite pleased with you; whatever do you want to leave for?"

"Well, you see," said Jane, "I find as you don't trust me."

"Why, my dear girl," replied the lady, "I gave you the keys of the master's desk, the sideboard and my jewel-case."

"Yes," snapped Jane, "but they don't fit."

French critics regard Edgar Allan Poe as the father of the short story.

Throw OFF That

COLD!

Some men and women fight colds all winter long. Others enjoy the protection of Aspirin. A tablet in time and the first symptoms of a cold get no further. If a cold has caught you unaware, keep on with Aspirin until the cold is gone. Aspirin can't harm you. It does not depress the heart. If you feel a sore throat, dissolve several tablets in water, gargle. You will get relief. There's danger in a cold that hangs on for days. To say nothing of the pain and discomfort Aspirin might have spared you! All druggists; with proven directions for colds, headaches, neuralgia, neuritis, rheumatism.

TRADE-MARK REG. IN CANADA

Extraordinary Discovery

Ordinary Magnet Said To Extract Cells From Body

Discovery that an ordinary magnet can be used to extract from the organs where they live the immensely important cells believed to be responsible for the immunity of animals to disease, is announced by two workers of the Rockefeller Institute of Medical Research, at New York.

Harmless particles of highly-magnetic iron are introduced into the body in such a manner that the prized cells pick up the metal and gravitate like lodestones to the magnet. It has been impossible heretofore to separate them from the obscuring masses of millions of other body cells. Unharmed by their iron meat, they are raised "in vitro," that is, they continue to live and grow in glass dishes. There they are now under observation at the institute for learning more about their functions.

A New Motor Fuel

Substitute For Gasoline Developed In Ireland Proving Success

The new creosote substitute for gasoline which is discovered and developed by the municipal gas department at Belfast, Ireland, is proving a success, and is gaining recognition in other parts of the world. For the last 15 months, 12 Belfast municipal buses on different routes have used the new fuel with great success according to reports. More of these vehicles are to be converted to use of the fuel at once, and a five-year-plan for changing all buses has been outlined. J. D. Smith, the gas works manager, has, in response to inquiries sent the formula to all parts of the world.

Professor Sees New Age

Says People Now Willing To Sacrifice For Worthy Ends

The end of the present age of cynicism, which he sees as an aftermath of the world war, is envisioned by Dr. Jess Holmes, professor of philosophy at Swarthmore College, Philadelphia.

"We have passed through three ages," he said. "The age of softness was followed by the age of sentimentalism. Since the war cynicism has been the ruling spirit. Now I believe we are entering upon an age of genuine faith and willingness to sacrifice for great and worthy ends."

Good Training For Children

Zoo In Dresden, Germany, Has Perfect City In Miniature

A miniature city for children is contained in the grounds of the Dresden, Germany, Zoo. It has a town hall, shops, railway station, traffic signals and so on. The idea of the authorities in providing this marvellous playground for the children was to train their minds in city government, and to give them some idea of the questions and problems that must arise.

By an ancient law churches built on Crown lands in Britain may not ring bells

Increased Subsidies

Provinces To Receive More On Account Of Recent Census

On the basis of the recent census, increases in subsidies are being granted to Ontario, Quebec, New Brunswick, Manitoba, British Columbia, Alberta and Saskatchewan. Nova Scotia and Prince Edward Island, by reason of the decrease in population in these two provinces will not be included in the increases. Prince Edward Island remains at its former rate; while the subsidy for Nova Scotia will be decreased.

Main estimates tabled in the House of Commons show the payments to be made for the coming year as compared with 1932-33. The following is the schedule:

	1932-33	1933-34
Ontario	\$2,941,424	\$2,642,611
Quebec	2,592,013	2,256,419
Nova Scotia	753,048	661,841
New Brunswick	693,040	668,765
Manitoba	1,694,195	1,662,084
B.C.	374,564	378,816
P.E.I.	381,931	381,931
Alberta	1,743,159	1,670,435
Saskatch.	2,112,803	2,063,295
	\$13,656,177	\$12,744,201

What Science Finds

Interesting Facts Adduced By Scientific Investigation

The elevation of old men to high political office is a mistake. Caterpillars can hear. Man hasn't domesticated a single plant of high dietary value since the dawn of history. Newborn infants are not deaf; they begin to hear when only a few hours old. The first musical instrument was a flute. Bobbed hair is a great mistake. Bats have the homing instinct. Molecules vibrate a trillion times a second. Indians of the pre-Inca era filed teeth with gold and the Chinese of forty-five centuries ago discussed the theory of evolution and knew of the circulation of blood. Men have a greater passion for tearing things apart than do apes.—New York Sun.

Had Effect Of Standstill
John Phillips, an aviator, had Manhattan's sky watchers wondering recently when he made his plane apparently stand still for twenty minutes. He explained the trick by saying he nosed the plane into a gale of 70 miles an hour velocity. By keeping his ship at the same speed the effect was a standstill.

More cities in China are being remodelled or reconstructed than ever before.

C. C. F. MOTION SUBJECTED TO MUCH CRITICISM

Ottawa, Ont.—Reception of J. B. Woodworth (Labor, Winnipeg North-Centre), for a co-operative commonwealth came under discussion again in the House of Commons.

The conclusion of the resolution was that "in the opinion of this House, the government should immediately take measures looking to the setting up of a co-operative commonwealth in which all natural resources and the socially-necessary machinery of production will be used in the interests of the people and not for the benefit of few."

He did not know what the resolution meant so he proposed "to ask the mover 55 questions," remarked J. F. Pouliot, (Liberal, Temiscouata), at the outset of his speech.

This raised a laugh.

"Put them on the order paper," suggested J. D. Chaplin (Conservative, Lincoln).

R. K. Anderson (Conservative, Halton), voiced his opposition to anything that savoured of Communism, and strongly advocated the "back to the land movement." Congratulating the government on what it had done on this subject, Dr. Anderson urged continued action.

Dr. G. D. Stanley (Conservative, Calgary East), said the Co-operative Commonwealth was a "founding left on the doorstep of Calgary." As a "founding," Calgary had given to it hospitality and kind treatment. However, the moment came recently that Calgary found it necessary by a large majority to notify "the founding left on the doorstep" that the Co-operative Commonwealth Federation was no longer welcome and that "it must transplant itself to other parts."

Several clashes occurred between Dr. Stanley and Mr. Woodworth, the latter denying several statements attributed to him. Dr. Stanley stated that in 1919 Mr. Woodworth was among the leaders of the One Big Union.

"Deny the truth of that statement," shouted Mr. Woodworth. "I was not a leader and not even a member."

Dr. Stanley then charged that Mr. Woodworth had been one of the most outstanding defenders of the One Big Union leaders, and this charge unchallenged.

"We have had these new parties for a long time," remarked Hon. W. R. Motherwell (Lib., Melville). For instance, there is the Drury Government in Ontario. What marvellous things were expected of him, when he was taken from the tail of the plow and put into the position of the biggest province of this Dominion. But lo and behold, one of his ministers found himself in the penthouse before very long. Is that the new social order that we are to follow? Is that the new day which is about to dawn on us?" Mr. Motherwell asked.

In Saskatchewan, he said, "the Farmer-Labor party has done more harm in pulling down co-operation within the last three or four years than the whole gang of them have done in their lifetime in building it up." He spoke of the building up of the wheat pool in that province. "I think it was the most magnificent co-operative structure that I have known anywhere," he said.

Alberta House Meets

Usual Pomp and Ceremony Marks Opening

Edmonton, Alberta.—With a blustering wind blowing the snow over parliament hill and amid the usual pomp and ceremony, Alberta's legislature was opened in stately form and business-like manner, February 9th.

Hon. W. L. Walsh, Lieutenant-Governor of the Province, was escorted into the legislative chamber by officers of the militia and read what proved to be a brief speech from the throne.

Naming its special committee to report on standing committees, the legislature prepared for this phase of its work before the adjournment Thursday afternoon.

News for British Taxpayers

London, Eng.—British taxpayers are breathing more easily. While Neville Chamberlain, Chancellor of the Exchequer, would make no promise of reduced taxes, he did not think he told an inquisitive House of Commons that increased taxation will be necessary this year.

W. N. U. 1981

Deal Reaching Critical Stage

Barker Scheme With Russia Still Being Discussed

Ottawa, Ont.—Negotiations looking to a barter of Canadian cattle for Russian oil and coal are reaching a critical stage, it is believed here. The scheme as proposed by the western syndicate headed by G. G. Berkau of Winnipeg, is still afoot but the near future may determine whether or not negotiations will be dropped.

When the syndicate first approached the government with a plan whereby, to ensure the deal going through, Canada would guarantee Russia seven per cent. bonds accepted as interim payment for cattle and at the same time guarantee the syndicate against breach of contract on the part of the Soviet government, it was turned down.

Since then sponsors of the idea have learned they may be able to raise sufficient capital to finance the undertaking without government assistance but before putting money into it they want to be sure they will be able to bring the necessary quantity of Russian products into Canada and dispose of them.

Mining Boom

Activity In Mining Stocks Gives Employment To Many Men

Toronto, Ont.—Jobs have been restored to more than 100 former brokerage house employees in Toronto as a result of the recent activity in mining stocks. Started several weeks ago, it was not until this week that brokers' offices were compelled to send out hurry-up calls for floormen, telephone operators, accountants, stenographers and telegraph operators.

Mining men state if the inflow of foreign and Canadian money continues, thousands of field workers will gain employment in exploration work and actual mining.

May Attend Conference

Three British Ministers Provisionally Selected To Go To Washington

London, Eng.—It was understood in Whitehall that a provisional arrangement has been made for Prime Minister Ramsay MacDonald and Walter Runciman, president of the Board of Trade and—subject to requirements of the April budget—Chancellor of the Exchequer Neville Chamberlain to go to Washington for debt conversations with the incoming United States administration.

All three are able to go, the three principal elements in the National government would be represented—National Labor, Liberal and Conservative.

Peace Movement

French League Spokesman Makes Appeal To Nations To Lead the Way

Geneva, Switzerland.—Former Prime Joseph Paul-Boncour closed general debate on the French demand plan with an appeal to European countries to create Europe's own security through regional pacts like the Locarno treaty as an accompaniment to arms reduction.

The French spokesman, in discussing the chances of concluding a universal guarantee of security, made an implied appeal to the United States to take the lead in moves to implement the Briand-Kellogg pact.

Not Guilty Of Libel

Toronto, Ont.—Written verdict of the jury found P. D. Ross, publisher of The Ottawa Journal, not guilty of libeling W. T. R. Preston, of Fort Hope, in the \$20,000 damage suit brought by the latter. The verdict also said, "We find that Mr. Preston has had an honorable public career." The jury deliberated two hours before returning a verdict.

Huge Pyramid Of Butter

Toronto, Ont.—A 9,434-pound pyramid of butter, all from the cream of one cow, was on display during the Holstein Friesian Association's annual meeting held here, February 9. At the convention banquet Premier George S. Henry presented a gold watch to the owner of the cow, T. R. Dent, Woostock.

World Raise Standards

Ottawa, Ont.—Convinced of the need of a careful survey of the educational standards of the engineering profession, the annual meeting of the Engineering Institute of Canada convened a special meeting of the committee in Montreal to discuss the report of the development committee. The report recommended a drastic raising of the standards.

Ottawa Discusses Wage Cuts

House Takes First Step In \$3,000,000 Payroll Reduction

Ottawa, Ont.—The government has taken the first step to cut \$3,000,000 from the national payroll. Resolutions were introduced, prefacing submission of bills cutting 10 per cent. from sessional indemnities of members of both houses and the salaries of civil servants. It is proposed to levy an additional 10 per cent. income tax against police and army and navy officers.

For three hours the House discussed the resolution which, in effect, extends for another year the salary cuts already in effect. The debate was side-tracked to make way for departmental estimates.

Five members rose from opposition benches to oppose the salary slash. J. S. Woodward, leader of the Co-operative Commonwealth Federation; E. R. E. Chevrier, Ottawa; Dr. J. A. Denis, St. Denis, Montreal; William Duff, Antigonish-Guyana; and J. P. Pouliot, Temiscouata.

Hon. E. N. Rhodes, Minister of Finance, piloted the resolution in the House.

BRITISH SET NEW LONG DISTANCE AIR RECORD

Walsh Bay, South Africa.—Two English officers of the Royal Air Force stepped down trim and smiling from a giant monoplane here, after traveling 5,349 miles from England without a stop and setting the United Kingdom supremacy.

The brilliant flight of Squadron Leader O. R. Gayford and Flight Lieut. G. R. Nichollet brought the long-distance non-stop flight record to Great Britain alongside the altitude and speed records that other crack airmen of the Royal Air Force had won. British became the first nation in history to hold all three major air records.

Fresh-shaven, showing little signs of fatigue, they quietly explained they would have gone further, attempting to reach Cape Town without a stop, if they had had any fuel left.

Cape Town is 6,198 miles from Cranwell aerodrome, England, where the flyers took off.

A perfect landing marked the end of the roaring trip over English countryside, the channel, France and the Mediterranean, the desert, jungle and hills of Africa. The officers had been in the air for 57 hours and 28 minutes.

When they came down, Gayford and Nichollet cheerfully greeted the handful of persons who were around, personally attended to their machine, pushing it to a place of safety, and then went to a hotel where they were soon fast asleep.

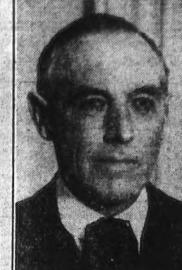

Gayford and Nichollet travelled 328 miles further than the former long-distance holder, Russell Boardman and John Polando of the United States who flew from the United States to Turkey in 1931.

READY TO TAKE THE "ROAD BACK"

With the Nazi forces, of which his son is a prominent member, riding the crest of the wave in Germany, following the appointment of Adolf Hitler as Chancellor, the former Kaiser Wilhelm is reported to be preparing to leave his exile at Doorn, Holland, to return to Germany. Above are two pictures of the ex-Emperor. The main photo shows Wilhelm as he is today, leading the life of a country gentleman at his Doorn castle. The picture in the oval shows the former monarch when he was the "All-Highest," Germany's Emperor and war lord.

THE FIRST SEA LORD

Admiral Sir Ernle Chatfield, photographed in the Admiralty on his first day after succeeding Admiral Sir Frederick Field as First British Sea Lord.

TORONTO BANK ROBBERY

Two Armed Men Escape With Large Sum Of Money

Toronto, Ont.—Two armed men walked coolly into the Bank of Toronto branch at Queen and Keele Streets here and a few moments later had made their escape with between \$5,000 and \$5,000 in cash.

It was the second bank robbery in the city this week. A few days ago, two men robbed the Royal Bank at Wellesley and Church Streets, one escaping with \$2,000 and a man alleged to be the other being shot in the shoulder after a gun battle on a busy street with a policeman.

Two clerks and the manager were in the east and bank today when the bandits stalked in. All three employees were locked in the vault.

LOWER BANK INTEREST

Cut Bound To Come Shortly According To Officials

Toronto, Ont.—"Interest rates will be cut in the near future," the Toronto Telegram says. "It is bound to come," representative heads of banking and trust corporations informed the Telegram. They base their forecast on the firm opinion interest rates on deposits in government savings will be reduced. J. A. McLeod, general manager of the Bank of Nova Scotia and president of the Canadian Bankers' Association, has intimated the banks are waiting for a lead from the government.

FOUR AVIATORS KILLED

Members Of Royal Air Force Crash During Practice Flight

Salisbury, Eng.—Four men of the Royal Air Force were killed when their bombing plane crashed during a practice flight and burst into flames.

A fifth man aboard escaped with burns.

Those killed were: Flying Officer T. P. Pitcher, Sergeant A. R. Allen; Corporal Cyril Smith, and Second Class Aircraftman E. G. Scholl. Leading Aircraftman J. W. B. Highwell escaped from the crash with only minor burns.

CAPT. MOLLISON SPANS ATLANTIC IN RECORD TIME

Natal, Brazil.—Captain J. A. Mollison, scored another signal victory over fatigue, mileage and time when he brought his little four-cylinder plane down here in time for supper after a 1,750-mile hop across the South Atlantic Ocean which was the last lap of a 4,800-mile journey from England.

The popular British aviator concluded this his latest great flight, in good health and high spirits.

"She's a sweet little ship," he said with a caressing glance at "The Heart of Content," just after it had finished the trans-Atlantic flight from Thies, Senegal, on the west coast of Africa in roughly 18 hours. His total elapsed time—from Lympne aerodrome, England, which he left Monday morning, was three days and 10 hours.

He was accorded an official welcome and the populace were warm in their welcome for the intrepid British flyer.

Within one year Mollison has crossed the Atlantic twice. The first time it was from Ireland to Canada last August, and the flight from Africa to Brazil makes his second hop.

Mrs. Mollison, better known as Amy Johnson, flew with her husband for a short distance when he hopped off near London on the first leg. She saw him on his way across the English Channel, then returned to London.

The great British aviator landed here three days and 10 hours after taking off from Lympne, England, just within his estimated schedule of three and one-half days.

The flight, during stages from England to Brazil, on the west coast of Africa, from where Mollison today made the ocean flight, was the latest addition to a wonderful list of flights in which Mollison has girded the far corners of the earth.

AWARDS FOR SPRING SHOW

\$3,000 In Cash Prizes For Annual Event In Regina

Regina, Sask.—The sum of \$3,000 will constitute the cash prize list for the forthcoming spring show held under the direction of the Regina Exhibition Association.

Announcement to this effect has been made. The show will be held at the exhibition grounds March 21 to 24 inclusive.

Publication of the prize list will be made shortly.

This year's spring show will be confined to exhibitors resident in Saskatchewan.

RECEIVES NEW APPOINTMENT

Winnipeg Man Now Chief Secretary To Premier Bennett

Ottawa, Ont.—Appointment of R. K. "Rod" Finlayson, of Winnipeg, as chief secretary to the Prime Minister, is a public recognition of his services since coming to Ottawa. Finlayson has become the right hand of the leader of the government. He does not function as a private secretary. One could frequent Mr. Bennett's office indefinitely and never see him. He does not meet the public, but works in a little office tucked out of the way in the East block—20 paces from his chief.

SHIPS WHEAT TO CHINA

Buenos Aires, Argentina.—Twenty-two thousand tons of Argentine wheat have been sold to Shanghai millers and will be shipped before the end of the month. This follows a recent wheat shipment to Japan, causing grain men here to hope that oriental consumption may help dispose of the Argentine surplus. The shipment to Shanghai is equivalent to 726,000 bushels.

CALGARY MAY ISSUE SCRIP

Calgary, Alberta.—A total of \$92,835 worth of scrip will be issued by Calgary if the city council accepts the recommendation of the sub-committee of the special scrip committee. Alderman J. W. Russell, chairman of the committee, said this recommendation would be made shortly to the council.

UNCLAIMED BANK BALANCES

Ottawa, Ont.—The report of unclaimed bank balances tabled in the House of Commons by Hon. E. N. Rhodes, Minister of Finance, reveals that there is \$1,360,196.75 of unclaimed money in the banks throughout Canada.

Local and General Items

Two fires at Calgary on Sunday last did damage estimated at \$75,000.

The Reds have in the past declared themselves as opposed to "discrimination." Now watch their step.

Mrs. T. Hill has been confined to her home for several days through illness.

The wife of Alderman S. S. Savage passed away suddenly at Calgary on Sunday night.

Miss Nina Sekirk and sister are visiting here with Mr. and Mrs. Donald McPherson.

The recent municipal elections at last brought out the color of certain mysterious individuals.

George Patterson feels that his brother's name should now be changed to Samsky Pattersons.

Mrs. E. Franz, of Coleman, announces the engagement of her daughter, Lillian Ida, to Harry Clifford Grott.

A victory dance was held at the Frank hotel on Monday night, in honor of the victorious Union candidates in the Blairmore elections.

Miss Marjorie McDonald, left yesterday for Pincher Creek, were she will be employed by Mr. Wilson for some time.

The Y. P. girls' basketball team, of the Blairmore United church, were defeated here last night in a very fair game against the Bellevue girls.

With the municipal elections over, Harvey Murphy might now be free to butt into family affairs. It's just as well to get down to the lowest while he's at it.

The Bachelor Girls took possession of their newly acquired club room this week. In the process of cleaning out, about the only thing they didn't find was pink elephants on the ceiling.

Assistant Commissioner Newsom and Inspector K. Duncan, of the R.C.M.P., are in town today from Edmonton. Enroute west from Macleod, they intercepted a car, occupied by two suspicious looking characters and bearing no license plates. On arrival here, the pair were taken to the barracks to await investigation.

Blairstown Bearcats have been drawn to meet the Medicine Hat Monarchs in the provincial intermediate playdowns, the first game to be played at the Hat on Saturday night, the second at Lethbridge on Monday night. Local fans wishing to see either game will be obliged to go to these prairie towns, where it is said far greater interest is being manifested in hockey than here.

We were not at the meeting held in the Orpheum theatre on Sunday night, but have been told of Joseph Howe endeavoring to read an article purported to have been written by himself, but refused space in The Enterprise, because we fully realized the article was not of his composition. In trying to read it, there were many words he could not pronounce and many sentences he could not properly run together. We have had occasion to know of Joe's ability to either read or write.

Application has been made by George Sangster, Sophie Kubik, Johnnie Jenkins et al, for certificate of incorporation of the new Hummingbird Ping Pong Club. The club's headquarters are at the Greenhill hotel, and the club already has a membership of slightly less than five hundred, scattered, of course, all over the country from Montreal and Boston to San Francisco and Vancouver. Rules of the game at the club make one specific stipulation: "No player shall seek advice from Harvey Murphy or any other red capitalist." C. J. Tompkins, local district Sun Life Assurance Co. representative, has been approached for group insurance.

IN APPRECIATION

To the Blairmore Electors:

The undersigned candidates take much pleasure in expressing our thanks and appreciation for the efforts of those who supported us in the recent municipal election.

A. E. Ferguson
W. McVey
P. C. Montebello
D. Oliver

R. S. Beattie, well known here, has been elected mayor of Bow Island.

Through defeating Michel here on Friday night, the Blairmore Miners were declared winners of the Henry Birks' cup.

TO THE DEAF. If you wish to enjoy a talkie, phone Cola's Theatre, 1891, and reserve your seat fitted with an appliance that brings to you the perfect sound of voice, music, etc.

The Valentine tea held at the home of Mrs. J. E. Gillis on Tuesday evening, was a great success. The door prize was won by Mrs. Rhynas. The ladies in charge wish to thank all those who helped.

Under the auspices of the Blairmore Girl Guides, and directed by Miss Eileen Jones, a dance revue will be staged at the Columbus hall on Friday night, February the 17th. Keep this date open.

Something was started when S. G. Banbury, fully qualified and successful candidate for school trustee, was asked to resign in order to give the Reds a 100 per cent slate. The election didn't end with the mere counting of ballots.

SIRETT'S reputation is your guarantee. Quality of material and workmanship costs very little more and lasts much longer. Ask for our list of satisfied customers. Make inquiries, then use your own good judgment. Phone 16-M, Bellevue.

A report is in circulation at Fernie to the effect that the Coal Creek mines may work five days a week, providing the miners accept a six per cent cut. It is understood that work will be guaranteed for a year, should the deal now being discussed come into force.

Harvey Murphy, having accomplished his mission here, left for other parts by Wednesday's train. Many ratepayers questioned why Murphy should be present at our municipal elections. If he had a right, any citizen of Eastern Canada, or even China, had the same right. We understand that his qualifications were considered "A native."

DR. A. E. SHORE, of Drs. Gunn, Hackney & Shore, Calgary, will be at the office of Dr. Stewart, Blairmore, on Friday, February 24th, after 2:30 p.m. Any one wishing to consult him with regard to Eye, Ear, Nose or Throat conditions, or to be fitted with glasses, please make appointments with Dr. Stewart.

Messrs. Murphy and Patterson, two rods from the Blairstown district, addressed a largely attended meeting in the Grand on Wednesday evening. Patterson, who recently returned from Russia, described his trip to that country and was very enthusiastic about the way government is conducted over there. It seems to all depend on the color of the glasses one looks through—Fernie Free Press.

IN MEMORIAM

In loving memory of our dear husband and father, Enrico Joseph Porzi, who died February the 26th, 1930.

"Our lips cannot tell how we loved him. Our hearts cannot tell what to say,

In these three years that have passed away."

Ever remembered by his wife, sons and daughters.
